4. Series Scoring

The Spring and Fall Series will each use average *series* scoring, meaning:

- A *race day* is one on which one or more races are completed.
- *Participate* means a boat starts one or more races on a race day or the boat's skipper or co-skipper serves on RC on a *race day*.
- On a *race day* that a boat starts one or more races, its point total for all races that day will determine its *position* for that day, which will be its score for that *race day* in the *series*.
- The redress score for a *race day* when a boat's skipper or co-skipper did race committee will be calculated as the average of its other series race day scores.
- The *series* will be comprised of the race days indicated on the [calendar](#).
- The best 50 percent of a boat's *series race day* scores, rounded up, will be used to calculate its overall average *series* score.

5. Awards

- To qualify for awards, a boat must *participate* in, at least, 50 percent of race days.
- The awards will be announced and conferred at the annual membership meeting, generally on the Saturday before Thanksgiving.
- The depth of awards in a fleet will be based on the number of boats that qualify for the series
- 1 qualifier: none; 2-3 qualifiers: 1 award; 4-5 qualifiers: 2 awards; 6-7 qualifiers: 3 awards; and 8 or more qualifiers: 4 awards
